### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Todd Guise on January 13, 2005.

The application has been amended as follows:

Claims 11-15 have been canceled.

### ***Remarks***

2. Applicant's amendment dated November 8, 2004, and arguments in support thereof with respect to claims 1-10 have been found persuasive. Newly added claims 11-15 are directed to a "torque limiting device," rather than to "a method for assembling a torque limiting device," as are claims 1-10.

3. The Examiner contacted Applicant and indicated that a restriction requirement would be proper and that claims 1-10 would be constructively elected by original presentation. See MPEP § 818.02(a). In addition, the Examiner suggested Applicant cancel these claims in order to place the application in a condition for allowance. Applicant accepted the Examiner's proposal.
